

F.R.I.E.N.D.S OF S.T B.A.R.T.S

M.E.E.T. T.H.E. T.E.A.M

Chair - Stacey Wilson

My daughter joined the school last year and is now in Year 5, and we've both really enjoyed becoming part of the school community. I've been so impressed by everything FOBS does, so when I heard it might not continue, I was keen to get involved and help keep it going. In my day job as a Chief Operating Officer at a creative marketing agency, I spend a lot of time organising projects, bringing people together and making sure things run smoothly - so I'm hoping those skills will come in handy! I'm really looking forward to working with other parents and staff to keep things fun, manageable and inclusive, and to support the school however we can.

Vice Chair - Camilla Akinola

My eldest daughter is in EYFS, whilst my youngest daughter is at nursery. I moved to Bassett 11 years ago and have always enjoyed the community spirit in our lovely town. Since visiting St Bart's before my daughter joined, I loved what FoBs was doing for the children. I work as a Project Manager and hope to transfer my skills and experience to my new role as Vice Chair. My time with the school has only just started, I am excited to get involved in continuing the amazing work from the outgoing team and learning from the volunteers who have so much experience to share.

Treasurer - Harry Pearson

I have lived in RWB for five years with my partner, Russ, and our two children - a son and daughter who are currently in Reception and Year 2 at StBarts. Beyond our school community, I work for an engineering company within the motor industry. Since starting at St Barts, my children have absolutely loved the events organized by FoBs. Seeing how much they enjoy them inspired me to get involved and give something back to such a great cause. I'm excited to support the school and look forward to meeting more of you at our upcoming events.

Joint Secretary - Sarah & Dan Knight

We have lived in RWB for 10 years and have two daughters, in Years 2 and 5 at St Barts. We enjoy supporting the local community and are involved in many groups based in the town including Otters Swimming Club, Whitehorse Badminton Club, Bassett Bellringers and the Allotment Society. Alongside these commitments Sarah works as a nurse and Dan works for a company that funds environmental research. Since being at St Barts our children have really enjoyed the FoBs events, particularly the discos, movie nights and summer fetes and we were keen to give something back by joining the FoBs team.
